- Email: george.karnes@gmail.com

Team member: Aaron Hartmann
- Phone: (907)-982-7870
- Email: aaron.hartmann@students.svu.edu

Team member: Boston Cartwright
- Phone: (720)-398-7181
- Email: boston.cartwright@students.svu.edu

Team member: Wyatt Karnes
- Phone: (540)-671-9285
- Email: wyatt.karnes@students.svu.edu

Team member: Sydney Lafferty
- Phone: (385)-415-4970
- Email: sydney.lafferty@students.svu.edu

PRODUCT DESCRIPTION

We will be producing a schedule viewing and creation tool for the Rotarian District 7570 conference that is held yearly. This will assist with choosing which speaking events members may wish to attend, as well as rating events to allow improvement over time. Furthermore, the map function will enable easily finding events on the large campus of The Homestead.

CORE FEATURES

Event Planning and RSVP Capabilities

Map Direction Integration

Secure user database w/ log ins and passwords

Schedule Viewing

Speaker/Sponsor/Leader list

Rating Stars

Push Notifications for event informing

STRETCH GOALS

IOS Development

Live Chat Integration

Forum Integration

Scavenger Hunt

STUDENT DEVELOPER RESPONSIBILITIES

1. Deliver the required features described above.
2. Maintain weekly contact with the sponsor (in person or over the phone).
3. Keep the sponsor apprised of any challenges that arise in a timely manner. If changes are required, discuss them with the sponsor and obtain approval using the Feature Change Request document.

SPONSOR RESPONSIBILITIES

1. Be available for contact each week (in person or over the phone).
2. Help define use cases and desired functionality.
3. Provide honest feedback at the end of the semester.

4. Recognize that the expected deliverable for this project can be best thought of as "an interesting prototype" and that there is a chance students will not complete the requested functionality by the end of the semester.

5. Recognize that neither the students nor SVU can be held responsible for maintaining or supporting this product going forward.

APPROVAL
